Migration and Habitat Quiz Facts

• A **habitat** is the place where an animal lives

 Habitats in the Colne Valley include lakes, rivers, ponds, grasslands, woodlands and reedbeds

■ Activity sheets These activity sheets have been produced by Herts & Middlesex Wildlife Trust (Registered in England: 816710; Registered Charity: 239863) with funding from the City Bridge Trust and Heritage Lottery Fund. ■ Photography by Tim Hill. ■ Design by Wildcat Design (wildcat1@ntlworld.com).

All animals need food, water,
shelter and a safe place to raise
their young from a habitat

 Lots of birds make long journeys called migrations from one country to another

They do this to find food and to find places to breed when the seasons change

10d

• The Colne Valley is fantastic for ducks because:

There are lots of lakes with **plenty of food** (above and below the water!)

The Colne Valley is fantastic for ducks because:

There are **lots of large lakes** – big enough for lots of birds!

Activity sheets These activity sheets have been produced by Herts & Middlesex Wildlife Trust (Registered in England: 816710; Registered Charity: 239863) with funding from the City Bridge Trust and Heritage Lottery Fund. Photography by Tim Hill. Design by Wildcat Design (wildcat 1@ntlworld.com).

The Colne Valley is fantastic for ducks because:

It is quiet – the birds don't get disturbed
